

## Application for JASSO Temporary Scholarship

Dear students

Individuals who, due to the occurrence of a disaster, including this Noto Peninsula earthquake, suffered partial to total destruction (including partial destruction by water outflow, burial or fire) of their residence (a place of residence located in Japan that is used on a daily basis as a base and center of the life of that student or a person maintaining that student's livelihood), or suffered damage to the said residence due to inundation above floor level, or were unable to enter their residence for one month or more due to an evacuation advisory issued by local governing bodies in response to a dangerous situation caused by a disaster. For details, please check the website of the Japan Student Services Organization. If you are interested, please contact the following section.
